CicLAVia Walks: Mini-Grants

CicLAVia is offering \$500.00 mini-grants to fund site-specific activities to take place at CicLAVia from **10am-3pm** on **Sunday, October 9th, 2011**. CicLAVia's mission is to improve the quality of the Los Angeles environment, encourage safe, vibrant public spaces, sustainable transportation, and public health through a program of car-free street events.

The CicLAVia Mini-Grant program is intended to **add to the festive atmosphere**, and to **help CicLAVia participants slow down** and enjoy 10.5 miles of city streets. Mini-Grant activities can take many shapes, from a procession through the streets, to a site-specific art installation. We are looking for creative and interactive activities that will transform the way participants experience the day.

CicLAVia opens the streets to Angelenos for all kinds of activities. If your application does not get selected, we invite you to still add to the excitement with your creativity on October 9. As long as your project is safe, leaves no trace and you place no fixed element along the route – then we invite you to be a part of the movement!

Recommendations for Mini-Grant Activities:

- Move through the route, preferably at a walking pace.
- Human-powered is best, solar or battery power are allowed.
- Take place along the actual CicLAVia route, either in the street, on the sidewalk or on adjacent property.
- Be interactive - have CicLAVia participants play a role.
- Be safe.
- Appeal to all ages.
- Functional with crowds.

Prohibited:

- Structures of any kind in the street (tables, chairs, platforms etc.)
- Leave no trace after the activity (no chalk drawing, no paint, etc. on the street or sidewalk).

Criteria for Selection:

CicLAVia will select the most creative and engaging projects which contribute to the fulfillment of CicLAVia's mission.
